AMOUNT PAYABLE/ REFUNDABLE
2,02,800

Illustrative assumptions: resident individual below 60; old regime validly elected; no surcharge. Interest is a constructed training charge: 1% x 30 months x (tax including cess less TDS), April 2024 to September 2026. No interest under 234A/C/D is assumed on the stated fictional timely return and TDS-covered returned income. This sample is not a calculation utility for real cases.
