31/07/2024
Acknowledgement Number of Return of Income
240731000000001
Order passed under section
143(3) read with section 144B
2.
Date of Order
24/09/2026
DIN
ITBA/DEMO/AST/2026-27/000001(1)
Returned Income
Rs.8,00,000

Fictional proceedings and finding

The taxpayer, aged 45, carries on a trading business. This constructed case assumes a valid old-regime election, with Form 10-IEA filed on 30/07/2024. Income figures are ordinary slab-rate income; no surcharge or special-rate income is assumed.

A scrutiny notice dated 20/08/2024 was served on 21/08/2024. A questionnaire dated 10/08/2026 was served on 11/08/2026. The taxpayer submitted a reply on 25/08/2026. A proposed-variation communication dated 01/09/2026 was answered on 08/09/2026. These are invented events, not portal records.

The AO identified business bank credits of Rs.5,00,000 not reconciled to the declared receipts and added that amount as omitted trading receipts. The taxpayer states that reconciliation and supporting bank records require review. This alternate case intentionally has incomplete evidence so the app should flag missing facts rather than infer a defence.

Table of variations

Variation in respect of unreconciled business bank credits
Rs.5,00,000
Assessed u/s 143(3) at an income of Rs.13,00,000

A separate fictional computation sheet and notice of demand accompany this order. Nothing in this document establishes service; consult the separate demonstration service record. No government seal, signature or actual order reference is represented.
